LAW LIBRARY
ARIZONA ATTORNEY GENERAL

Dear Mr. Regnery:

In response to your recent inquiry, the State of Arizona has no laws currently on the books in the area of gun control. Similarly there are no pending bills in front of our state Legislature concerning that subject. There is, however, substantial organized opposition to any gun control legislation, but I do not have specific information regarding the organization except to say that all of the nationally recognized opponents are active in the State of Arizona.

Very truly yours,

BRUCE E. BABBITT
The Attorney General
